Community
Foundation

finding our way
home

Annual Report for 2015

Letter from THE CHAIRMAN

One of my most rewarding experiences as a volunteer leader has been my participation as a board member at the Cass County Community Foundation. I was honored and humbled when Deanna asked me to serve and I found it was like finding my home. I have truly enjoyed the friendship and fellowship shared around the board table, at the 4H Fair, the Football Food Drives and other CCCF events.

It was my great honor in 2015 to serve as the CCCF Chairman of the Board during a year when we would finally have a home of our own. The decision to purchase our own building and move was unanimous and we were all excited about the opportunities it

would open up for the future. A lot of hard work went into preparing the new space and moving the office but the results have surpassed our hopes! Our grand open house in May was the culmination of the hard work of not just our current board but all those board members who came before us. Those early board members had grand dreams for us and having a permanent home was always on that wish list. With that dream accomplished we will not rest. It is our responsibility to continue to dream big, to work hard, and to fulfill the future dreams of our community. Thank you for supporting CCCF!

Chairman of the Board

Letter from THE PRESIDENT

In October of 1993 a small but determined group of Cass County citizens responded to a challenge from Lilly Endowment to establish a local community foundation. The concept was new and even with various phases of support from Lilly, the going was tough in those first few years. The early directors though proved tougher and in 2015, we accomplished something they could only envision in dreams. We purchased and moved into our own home at 729 E. Market Street. The building had previously housed McNary & Wolfe Realtors and was a perfect fit for us! We moved in March and

hosted an open house in May to show off our new facility. We are grateful to Judy McNary & Barbara Wolfe for their generosity and to all the contractors and vendors who helped us make this building a beautiful new home for CCCF for years to come.

finding our way home

A long held dream came to life in 2015 when we moved into our new offices. In late December 2014, CCCF purchased the building at 729 E. Market Street from McNary & Wolfe Realtors. We had been searching for a new permanent home for several years and could never really find the right building at the right location for the right price. Judy McNary had shared a couple years earlier that she and her business partner Barb Wolfe were interested in selling their building but it was such a nice building and almost move-in ready that we couldn't imagine being able to afford it. After looking at many other properties, we looked again at 729 E. Market. Thanks to Judy and Barb's generous gift toward the costs, we made the decision to purchase the building and it has been an amazing space for us!

We spent three months painting, building out a couple walls, installing carpet, wallpaper and doors. After months of preparation we moved in on March 15, 2015 and hosted a community wide celebration and ribbon-cutting in May.

We are very proud of our new home and invite anyone who is interested to stop in and see for themselves that we have finally found our way home.

community grants

2015 Competitive Community Grant Award recipients and their projects:

**TOTAL DISTRIBUTION FOR
RECOMMENDED GRANTS IS \$102,299.⁷⁸**

- 1 Cass County Carousel**
\$18,600
for a new drive unit for the carousel

In Their Own Words

Pictured are Andrew, Noah, Samuel, Jack and Amy Miller.

The Andrew & Amy Miller Fund

Amy and I recently established an Unrestricted Endowment Fund because we believe in the mission of the Community Foundation. The Cass County Community Foundation plays such an important role in funding quality of life initiatives and projects brought to it by organizations throughout the county. We have been fortunate to see the impact of these grants by being involved not only with the Community Foundation's Board but also with organizations that have received grants. The Community Foundation's grants can have a

profound impact on our community. Amy and I have called Cass County home since January of 1996. In the variety of places each of us lived before moving here, we had never experienced the sense of community that we have found here. Cass County is a wonderful place to live and raise a family. Amy and I feel very strongly that God calls each of us to be good stewards of the resources given. Our

Unrestricted Fund, and the ability to add to it through the years, is a way in which we can meet that responsibility.

Andrew & Amy Miller Family

“In the variety of places each of us lived before moving here, we had never experienced the sense of community that we have found here. Cass County is a wonderful place to live and raise a family.”

Pictured are Linda, her son Adrian holding grandson Matthew and granddaughter Milena standing.

The Linda Fennimore Terrel Scholarship

Following Linda's passing two years ago, our family was seeking to honor her life in a manner consistent with her generosity. Linda was an educator and musician by trade, however she was proud to be best known as a tireless advocate for the performing arts, particularly community theater.

Fortunately, one of her dearest friends suggested we contact Deanna Crispen at CCCF regarding possibly establishing a scholarship fund in Linda's name. She had modest savings set aside for travel later in life, but sadly those opportunities never arrived. The sadness of those lost opportunities was turned to joy when Deanna laid out plans to create a

scholarship fund from those funds that were set aside for unfulfilled dreams. It was perfect! Our family was involved in selecting the inaugural recipient, and Linda's son presented the

“The sadness of those lost opportunities was turned to joy when Deanna laid out plans to create a scholarship fund from those funds that were set aside for unfulfilled dreams.”

scholarship to a young lady pursuing a degree in music. She seemed proud to be honored, and our family was proud to present the award. We know also that Linda would have shed a tear of happiness. Thank you forever, CCCF.

Gary Terrel & family

In Their Own Words

Pictured are Patti and Herb Price

The Price Family Community Fund

Patti & I established the Price Family Community Fund in 2015 to help provide funds for Cass County. Our focus was to establish a fund that would be managed by an organization that supported the advancement of the community. Patti and I wanted to honor our parents who inspired us to give back to our community.

The Cass County Community Foundation has had the vision to help students by providing scholarships, non-profit organizations by providing grants and provides leadership in promoting Cass County. As a board member of the Community Foundation I have

seen first-hand the profound positive effect that the Foundation has had on our community. The Foundation funds have grown because of great stewardship for over 20 years.

“Logansport and Cass County have been a great place for us to live and we feel blessed to be able to give back to those that have made all of this possible.”

The Cass County Community Foundation has developed programs that will secure the dreams and touch the lives of all those that call Cass County home.

Logansport and Cass County have been a great place for us to live and we feel blessed to be able to give back to those that have made all of this possible.

Dr. Herb & Patti Price

The Oliver “Duff” and Jean Grotelueschen Fund

Our parents, Jean and Duff Grotelueschen moved to Logansport in January of 1951 after graduating from Marquette University and getting married. Dad was an electrical engineer and employed as director of engineering at the RBM and mom was employed as a nurse. Together they made great lifelong friends and really loved living and working in a smaller town. As the first generation of either family to graduate from a university, they especially appreciated the Logansport school system, which well-prepared my sister Ann and I to get thru college.

While in Logansport, our parents were involved with many civic organizations and believed in giving back to the community. Dad was very active with Boy Scouts and United Fund campaigns. Mom was a nurse and active as a volunteer for the American Red Cross blood bank and cancer detection centers. She also volunteered with Boy Scouts and Girl Scout troops teaching first-aid and in any other nursing activities where she could help. Our parents decided to make an unrestricted gift to give a perpetual helping hand to the community that they so loved.

James Grotelueschen

“Our parents decided to make an unrestricted gift to give a perpetual helping hand to the community that they so loved.”

In Their Own Words

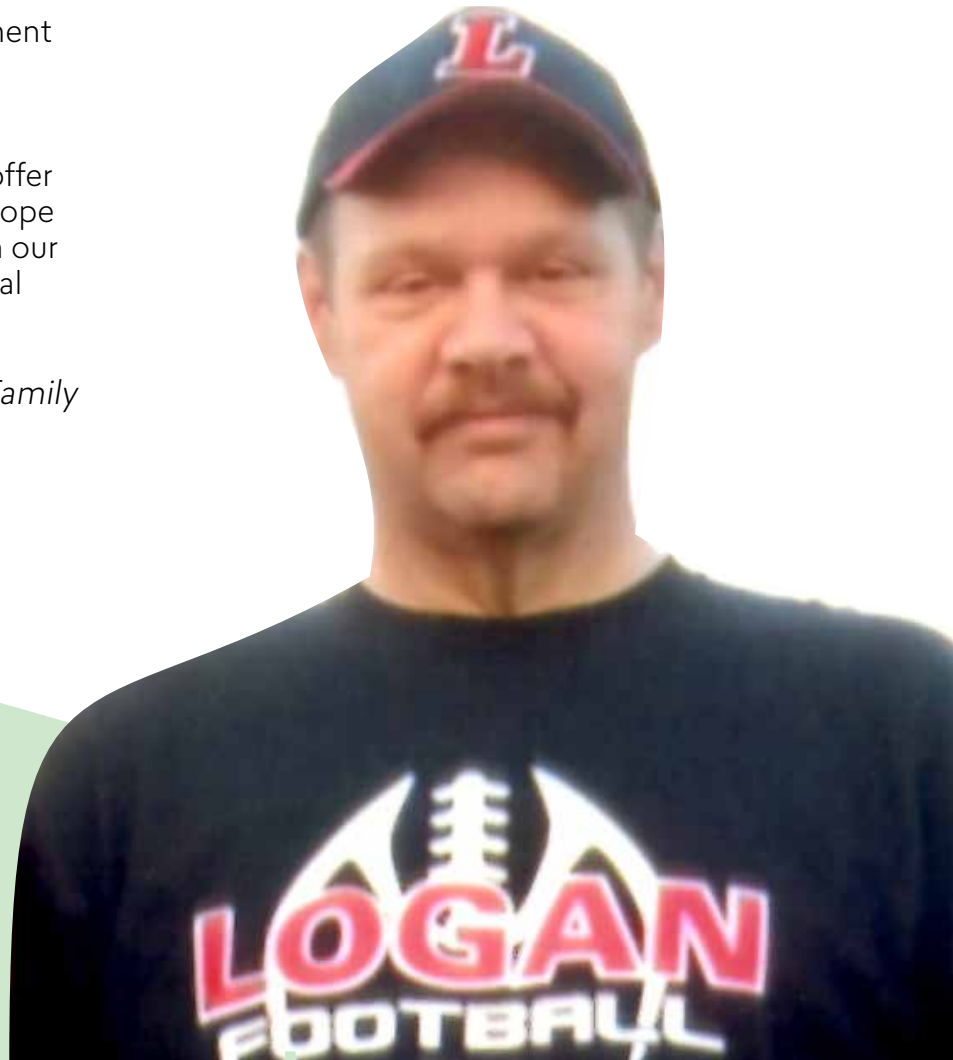

The Daryl Deitrich Memorial Scholarship

After losing Daryl, our family wanted not only to honor him, but also wanted to help those in need in our community. Daryl loved many things in life. He loved his family, he loved raising livestock, and he enjoyed helping those who needed it. His three children all graduated from college and they know how important an education is. They also know how costly an education can be. We believed that forming a scholarship to help students was the best way to honor him.

The Daryl Deitrich Scholarship was formed to help a student seeking an education in agriculture or an ag-related field. This year, our family came together and carefully evaluated each of the applicants. We considered, among other things, scholastic achievement and their involvement in bettering their community. The family was very proud to award the scholarship to an extremely amazing applicant. We will continue to offer the Daryl Deitrich Scholarship with the hope that we can continue helping students in our community get closer to their educational goals and spread the joy that Daryl had tending to his livestock.

The Deitrich Family

“We hope that we can continue helping students in our community get closer to their educational goals and spread the joy that Daryl had tending to his livestock.”

Forever85 Scholarship

When the Logansport High School Class of 1985 gathered for its 30th reunion last summer, it was a bittersweet occasion, as we mourned the recent death of our beloved friend and Class President, Jeff Ditmire. In the months leading up to our event, it was decided by the reunion committee that we wanted to create an endowed scholarship through the Cass County Community Foundation to honor our all of our deceased classmates. With the tremendous assistance of Deanna Crispin and her staff at the CCCF, the Forever85 Scholarship Fund was begun. This scholarship currently awards \$1,000 to a graduating senior from Logansport High School, and applicants are required to write a brief (85 words or less) essay explaining how they intend to give back to Logansport after they complete their education. Much to our delight, the CCCF received more than 50 applications for the scholarship this year, and Sophia Loposser, daughter of fellow 85er Jim Loposser and Liz Casalini Loposser, was awarded the first Forever85 Scholarship. We congratulate Sophia on her award, and wish her all the best in the future! We intend the Forever85 Scholarship Fund to be the permanent legacy of the Class of 1985, which hopefully will give back to the community in perpetuity. We will continue to raise money for the scholarship at subsequent class reunions, and we will encourage our fellow classmates and their loved ones

to keep the Forever85 Scholarship Fund in mind for memorial contributions, charitable giving and estate planning purposes.

More than anything else, the Class of 1985 wanted to create this scholarship fund to honor the following classmates who left us much too soon:

Jeff Ditmire, Michelle Gray, Toni Jester, Debbie Ledger, Fred Linton, Mike McNarny, Chris McNulty, Jennifer Palmer, Nick Petkovich, Rockne Scuggs, Duane Shackelford, Missy Tabler, Gary Willis, Rob Willis and Mark Wolfe.

To the families and loved ones of our deceased classmates, we want you to know that they are not forgotten. We miss them. We speak their names out loud every time we gather together, and we pray for them and for those they have left behind. We laugh and share stories about the good times we had with them, and we celebrate their lives. They live on with us and through us, because they never left us. They are forever a part of us and the Class of 1985, and that is why we chose to name our scholarship the Forever85 Scholarship Fund. It is our privilege to honor their memories in this way, and we thank the Cass County Community Foundation for helping to make the dream of this scholarship fund come true.

Class of '85, Mark Scott

Lilly Scholarship

2015 LILLY SCHOLAR-JOE BEAN

One of the highlights of our year is the announcement of our Lilly Scholarship recipient. The announcement of Joseph Bean as the 2015 recipient marked the second time siblings have received the award. Joe's sister Kaley received the award in 2013 and was the first person Joe called with the news. With his parents standing by, holding back a few tears, Joe shared his Lilly moment with his sister. Both Joe and Kaley were Pioneer High School seniors and both chose to attend Purdue University. Joe also plans to follow in Kaley's footsteps and play in the Purdue All-American Marching Band while studying electrical engineering. The son of James and Cindy Bean, Joe admits to being fascinated with emerging technology and 3D printing but his long-term goals are to work with engineers and businesses to develop home automation technology.

Joe was named a National Merit Commended Scholar, State Senator at Hoosier Boys State, winner of the American Legion Award, a Quizbowl All-Conference Team member and national qualifier. He has served as a Student

Rotarian, participated in the Rotary World Affairs Conference, was named an Indiana Percussion Association State Finalist, and received the PHS Academic Achievement Award in 2013 and 2014. Joe completed all these activities and excelled academically while graduating high school in three years.

Joe was active in his school and community. He served as President of the National Honor Society, Vice President of FCA, Captain of the Varsity Quiz Bowl Team, Academic Superbowl member, Thespian Society, and a member of band where he is an accomplished musician playing several instruments. Joe was an active volunteer with his church and served as an assistant Sunday School teacher, volunteer at the Food Pantry, and created and maintained the church website. During his high school career, Joe worked for the Pioneer School Corporations as an audio engineer and an aquatic timing technician. He has also created and produced videos on his YouTube channel while collaborating with his sister, Kaley.

2015 LILLY SCHOLAR FINALISTS

Joseph Bean, 2015 Lilly Scholarship recipient and five finalists were special guests at the annual Lilly Banquet held in June 2015 to honor the outstanding achievements of the students. Finalists were Kayla Brandt, of Logansport High School, Brittany Gehlhausen, of Lewis Cass High School, Jonathan Phillips, of Pioneer High School, Emily Overway, The Indiana Academy, and Noel Widup, Lewis Cass High School. Each student selected as a finalist also received a scholarship award from the Cass County Community Foundation.
